## [WEBINAR] Complying with FinCEN's Beneficial Ownership Reporting Rule Under the Corporate Transparency Act

Tuesday, September 17th from 12:00 PM to 1:00 PM  
Presented by Daniel T. Desmond, Esquire at Barley Snyder

The Corporate Transparency Act's Beneficial Ownership Reporting Rule (the "Rule") went into effect on January 1, 2024. Under the Rule, your entity may be required to report information about it and the persons who own or control it – the entity's beneficial owners – to the U.S. Treasury Department's Financial Crimes Enforcement Network ("FinCEN") no later than January 1, 2025, and in certain cases sooner. It is important for business owners to ensure they are in compliance.

Please join us on Tuesday, September 17, for a webinar presented by Barley Snyder Partner Dan Desmond. Dan will provide an overview of the Rule, who it applies to, and offer helpful insights into the Beneficial Ownership Secure System (BOSS) – FinCEN's secure electronic filing system where beneficial ownership information reports are submitted – and how Barley Snyder can assist in that process. We hope you can join us!

## **UPMC Pinnacle Foundation Raises \$88,000 for UPMC Hillman Cancer Center's Rocco & Nancy Ortenzio Fund for Clinical Excellence**

UPMC Pinnacle Foundation with the support of UPMC Hillman Cancer Center in Central Pa., raised more than \$88,000 at the Women's Cancer Symposium on Saturday, Sept. 7 in Harrisburg. The funds will be added to the Rocco & Nancy Ortenzio Fund for Clinical Excellence that provides funding for advanced cancer research and for patients in need at UPMC Central PA Hillman Cancer Centers.

"The Fund for Clinical Excellence is crucial as it enables us to deliver the highest-quality, cutting-edge care and increase access to cutting edge research for our patients in central Pennsylvania," said Kit Lu, M.D., director of the clinical trials program and associate director oncology, UPMC Hillman Cancer Center. "With oncology care continuously advancing, this fund ensures we remain at the forefront of cancer treatment."

The comprehensive one-day event discussing how to advance knowledge in women's oncology was attended by over 100 physicians, nurses, social workers, exhibitors and other health care professionals.

The speakers addressed the latest developments in breast and gynecological cancer care, including axillary management, metastatic disease, new technologies, genomic testing, and reconstructive techniques. Supportive care, featuring discussions on sexual health after cancer, patient support, and nurse navigation was also addressed.

The Cancer Statistics, 2024 report from the American Cancer Society shows while cancer deaths are declining overall, there are some alarming trends, including an increase in cancer rates among younger people.

The UPMC Hillman Cancer Center in Central Pa. had approximately 40,000 patient visits for medical oncology and infusion in 2023, averaging close to 100 appointments per day. It is one of just 56 National Cancer Institute-designated Comprehensive Cancer Centers in the country, which provides cutting-edge treatment and access to hundreds of clinical trials. In October 2023, the Cumberland County Commissioners agreed to raise the Hotel Occupancy Tax in Cumberland County from 3% to the allowable 5% to allow for current and future grant funding. CAEDC marked increased funding for tourism grants as one of the top uses for additional funding, along with increased marketing and advertising initiatives to attract overnight visitors.

“Our goal is to drive tourism in Cumberland County, whether that be increasing overnight visits, or helping local businesses maximize their potential offerings. The Cumberland Valley Tourism grants are a major factor in bringing in new events like the Big 33, creating new experiences, and assisting in pandemic-related recovery” said CAEDC’s Director of Tourism & Marketing, Kristen Rowe.
