FOR IMMEDIATE RELEASE

Kingdom Custom Decks offers a solid foundation at their new Mechanicsburg showroom location

Mechanicsburg, PA — **Kingdom Custom Decks** recently celebrated the grand opening of their new office and showroom location with a ribbon cutting ceremony by the Mechanicsburg Chamber of Commerce.

Kingdom Custom Decks is owned and led by Levi Lupton, whose lifelong passion for building and 20+ years of industry experience is the basis of the business. As with any good construction, the foundation of the building is important and **Kingdom Custom Decks** is served by General Manager David Griffin. Like Lupton, Griffin started his construction career more than 20 years ago and uses his constant passion for learning to continuously understand the ever-changing products and concepts of the construction trade. With that in mind, **Kingdom Custom Decks** is dedicated to providing quality craftsmanship with the goal to create an outdoor living space that is both functional and aesthetically pleasing to the complete property.

Griffin commented “We want this showroom to be an area where a customer cannot only choose what materials they would like used, but also get a visualization of the finished product. This showroom allows us to offer a better view of the materials available and more than just a six-inch sample size. With our larger sample builds, the grain of the deck and complimentary rail systems are better envisioned.”

The **Kingdom Custom Decks** showroom offers a completely built custom patio model that even includes a lighted glass paneled railing system. **Kingdom Custom Decks** uses TimberTech and RDI Railing products to incorporate sustainable practices and eco-friendly materials to better maximize energy, minimize waste, and support biodiversity and conservation.

The new showroom and business office is located at 6 State Road, Suite 112, Mechanicsburg, 17050. For more information on how to enhance your outdoor kingdom, call **Kingdom Custom Decks** at 717-585-0724 or visit www.kingdomcustomdecks.com.
